## Our Mission

As stewards of the Vincentian spirit, Marillac St. Vincent Family Services' mission is to strengthen and empower those most in need to reach their greatest potential. We fulfill our mission through quality early childhood education and care, youth programs, services for pregnant and parenting teens, comprehensive senior care and interventions that help people out of crisis and onto a path of security and wellness.

## OUR PROGRAMS

### Child Development

Marillac St. Vincent Family Services provides early childhood education and child care services for more than 800 children, ranging in age from three months to 13 years. The program includes early childhood education, pre-kindergarten, before and after school and summer camp. Both Centers are NAEYC accredited, which is the mark of high-quality early childhood education.

### Youth Services

Based at Marillac Social Center, located on the west side of Chicago, our Youth Services program provides mentoring, tutoring and after school programs for youth as well as a comprehensive program for pregnant and parenting teens and young mothers. Together the programs aim to end the cycle of violence in the neighborhood and encourage positive choices for the future.

### Family Services and Outreach

The staff is committed to helping Chicago individuals and families address basic needs by providing a wide array of services. Services include parenting groups, nutrition classes, emergency services, case management and referral, adult education and a food pantry.

### Senior Services

The Senior Services program provides home-based case management, outreach, assistance and friendly companion services to more than 300 low-income, isolated and mobility-limited seniors as well as monthly meetings for those who are able.
